

inequalities matter

About the Project

The project “Inequalities Matter” addresses the urgent need for inclusivity in the discourse on environmental citizenship. In a world where environmental issues have garnered unprecedented attention, this project strives to raise voices of individuals often marginalised in public environmental debates.

Objectives

- Inclusive Discourse
- Empowerment Through Knowledge
- Enhanced Awareness and Decision-Making
- Strengthening Inclusion

Tools created for YOU!

- Citizens' mapping and collection of good practices
- Environmental citizens' guidelines
